- A new sales channel reaching golfers who've already chosen to spend their reward on golf — motivated players with funds ready to play.

No fees • No setup • Guaranteed same-day payment

Reaching Corporate Golfers

- Your club featured where corporate employees choose their rewards.
- Live on major UK corporate reward and employee incentive platforms.
- Golfers receive The Golf Gift Card through their workplace rewards.
- They exchange their balance for a Rounds Voucher — not a variable card.
- Every voucher represents prepaid, discretionary spend from players who've already chosen golf.
- A direct, no-cost route to high-value golfers — ideal for filling off-peak tee times while protecting your pricing.

How it Works - Simple for Clubs, Seamless for Golfers:

- Golfer receives a Golf Gift Card through their employer.
- Exchanges balance for a Rounds Voucher (single or two-ball).
- Chooses your club from the Rounds Network directory.
- Books directly and presents voucher on arrival.
- Staff redeem voucher via our secure online portal.
- Club receives payment in full the same day.

Clubs only accept prepaid Rounds Vouchers — not variable gift cards.

No integration or system changes required.
